First, I want to congratulate Hector for cleaning the course. This is the first time the Heavens Ranch course has been cleaned. I was out on Wednesday shooting with Hector and watching his 55 yard groups. I knew something was up. A tweek of the USFT, shooting around 16 fpe. Next I want to congratulate Linzie who demonstrated a phenomenal increase in her score from the first match. I think we have a shooter on our hands.

I also want to welcome 2 new shooters. George Doganis and Russ Holt. Both of you shot quite well. Thank your for coming out. We hope we see more of you. I also want to welcome Ta who watched the match.

Course conditions were very pleasant with a 1-4 mph wind coming up about half way through the match making lanes 8,9 and 10 challenging (for me anyway).

After the match we retired to the Habit where we enjoyed burgers and lots of friendship. The club treated a lucky shooter, drawn at random, to a free lunch.

Thanks to everyone for helping to take down the range and for Rick Rogers who helped me set the targets on Friday morning.
