*Hunter piston should have been resolved by shootoff but unfortunately due to an error in tallying a card i did not know we had a tie till after the match was packed up and we all left. Perhaps we will stage a shootoff at the next match if the shooters agree.

Nineteen shooters showed up for a great match at the paradise known as Heavens Ranch. We had a beautiful day with winds averaging 3-6 mph but occasionally gusting to 8 or 9. We had lots of angled shots, both up and down with tricky winds and a course direction change to the wind. Kelly Hawe shot a magnidicent match in the windy conditions. Congrats, Kelly for your first win. I am sure we will see some more. Hector won piston in a close race with yours truly. Heck, if i had known he was that close i wouldn't have missed so many. New shooter (at HR), Henry Nguyen shot a very good match and we look forward to seeing Henry again. Newish shooter Hung Ta also shot a very good match even with a switch to seated postition from his usual prone. Great improvement, Mr. Ta!. Linzie B also shot a very good match but the WA still remains elusive. (She knows what i'm talkin about).

The Heavens Ranch points series is finally underway. in addition to the listed points all shooters 4th place and down who are members as of todays match will receive 1 point. In the end that 1 point can make a difference in standings. When the series ends with October match all points will be added and awards will be given three deep in all classes.

Next CASA match will be at the Angeles Shooting Range Sunday May 27th. Many changes in layout have been made in the course at Angeles along with the addition of practice sessions run by CASA officers.
