We were lucky enough to have a "Chamber of Commerce" day for our annual Christmas Party/Pot Luck/Swap Meet/ Field Target Match. The temperature was in the 70's, the sky was clear, and the sun was shining. Just a typical Mid-December day.

Also typical was the fact that Leo Hwong shot the high score of the day, 32 of 36. What was unusual was the fact that he did with a spring gun. Rob Wild was second among the springers with a score of 27 and Ron Jobbes was third with 22.

The open class was much closer. Vince Pacheco won the class with a 32. Tim McMurray and Ron Marcoe tied for second two shots back. The shoot-off started with the infamous gator at about 20 yards. Both shooters hit 2 for 2 on the

first round. So we moved it back to about 25 yards and both shooters hit 1 for 2. The pattern repeated in the third round. Finally, in the fourth round, Ron dropped both shots while Tim went 1 for 2 again to take second place. And last but not least, Dave Frederick bested Brent Bennett by 3 shots to take the Hunter win the Hunter class.
