To say that the annual Christmas match was a success would be an understatement. We had a great turnout and a great match.

We were greeted with incredible December weather. We might have hit 80+ degrees. The winds were mild at 1-3 mph. The cows were there but friendly. I know i saw one wink at LD.

After the match we shared our best dishes (mine being some Sam Adams) and every one had a great time.

The final match of the Heavens Ranch cup series ended and the winners took home nice medals including an award for high hunter springer awarded to Art Burciaga who also managed a second in open hunter class. We will continue the Heavens Ranch series next year and details will be posted. We will go dark for the series in January, February and maybe March but will continue to hold non cup matches as weather permits.

Elections were held and our new President is Bill Tremel. Our Vice President is Hector Alfaro and our treasurer is Ed Curry. Bill addressed the group with his vision for the club. He has some great ideas and great enthusiasm.
